# SORRENTO CAPITAL LIMITED

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 SEPTEMBER 2025

---

### General Information

The financial statements comprising the Profit and Loss Account, the Balance Sheet and the related notes constitute the individual financial statements of Sorrento Capital Limited for the financial period ended 30 September 2025.

Sorrento Capital Limited is a private company limited by shares (registered under Part 2 of Companies Act 2014), incorporated and registered in the Republic of Ireland (CRO number 678525). The Registered Office is 37 Park Avenue, Sandymount, Dublin 4, D04 EH93, Ireland which is also the principal place of business of the company. The nature of the company's operations and its principal activities are set out in the Directors' Report.

### Statement of Compliance

The financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (FRS 102), applying section 1A of that Standard. These are the first financial statements that comply with FRS 102.

### Currency

The financial statements have been presented in the Euro currency (€) which is also the functional currency of the company.

## 1. Summary of Significant Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

### Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention modified to include certain items at fair value. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 (the Act) and FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* issued by the Financial Reporting Council. The company qualifies as a small company for the period, as defined by section 280A of the Act, in respect of the financial year, and has applied the rules of the 'Small Companies Regime' in accordance with section 280C of the Act and Section 1A of FRS 102.

### Turnover / Income

Turnover / Income is stated net of trade discounts, volume rebates, VAT and similar taxes and derives from the provision of services falling within the company's ordinary activities. Turnover on supply of services, such as Management Services, is recognised by reference to the stage of completion of the service at the end of the financial year. The stage of completion is determined primarily on the basis of time costs applied to individual service assignments. Deposits received from customers in advance of completion of sales of goods or in advance of the stage of completion of services at the end of the financial year are not recognised as income and are included in creditors.

# SORRENTO CAPITAL LIMITED

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 SEPTEMBER 2025

---

### **Dividends**

Dividends to the company's beneficial equity shareholders are recognised as a liability of the company when approved by the company's shareholders.

### **Short term employee benefits**

Short term benefits, including holiday pay, are recognised as an expense in the period in which employees have become entitled to the benefits as a result of service rendered to the company.

### **Taxation and deferred taxation**

The charge for taxation is based on the profit for the financial year and is calculated with reference to the tax rates applying at the financial year end date in the jurisdiction where the tax is applied.

Deferred taxation is calculated on the differences between the company's taxable profits and the results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements. Full provision for deferred tax assets and liabilities is made at current tax rates on differences that arise between the recognition of gains and losses in the financial statements and their recognition in the tax computation, including differences arising on the revaluation of fixed assets. Deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

### **Foreign currencies**

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the financial year end date. Non-monetary items that are measured at historical cost are translated at the foreign exchange rate ruling at the date of the transaction. Non-monetary items measured at fair value are translated at the rate of exchange at the date when the fair value was determined. All foreign exchange differences are taken to the profit and loss account.

### **Financial Instruments**

#### ***Ordinary Share Capital***

The ordinary share capital of the company is presented as equity.

#### ***Unlisted Investments***

The company holds investments in unlisted non-puttable equity shares of an entity. It is considered by the directors that the fair value of these shares cannot be measured reliably. These investments are measured at cost less impairment.

#### ***Cash and cash equivalents***

Cash consists of cash on hand and demand deposits. Cash equivalents consist of short term highly liquid investments that are readily convertible to known amounts of cash that are subject to an insignificant risk of change in value.

# SORRENTO CAPITAL LIMITED

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 SEPTEMBER 2025

---

### ***Other financial assets***

Other financial assets including trade debtors arising from services sold to customers on short-term credit, are initially measured at the undiscounted amount of cash receivable from that debtor, which is normally the invoice price. If payment is deferred beyond normal business terms or is financed at a rate of interest that is not a market rate, this constitutes a financing transaction, and the financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Subsequently, other financial assets are measured at amortised cost less impairment, where there is objective evidence of impairment.

### ***Loans and borrowings***

All loans made by the company are initially recorded at the amount of cash advanced plus transaction costs incurred, unless the arrangement constitutes, in effect, a financing transaction, in which case it is measured at the present value of future payments discounted at a market rate of interest for a similar debt instrument. Subsequently loans made by the company are stated at amortised cost using the effective interest rate method less impairment, where there is objective evidence of impairment.

All borrowings by the company, with the exception of loans from directors who are natural persons and shareholders in the company (or close members of the family of such persons), are initially recorded at the amount of cash received less separately incurred transaction costs, unless the arrangement constitutes, in effect, a financing transaction, in which case it is measured at the present value of future payments discounted at a market rate of interest for a similar debt instrument. Subsequently, borrowings are stated at amortised cost using the effective interest rate method.

Loans from directors who are natural persons and shareholders in the company (or close members of the family of such persons) are initially measured at transaction price and not discounted on subsequent measurement.

The computation of amortised cost includes any issue costs, transaction costs and fees, and any discount or premium on settlement, and the effect of this is to amortise these amounts over the expected borrowing period. Loans with no stated interest rate and repayable within one year or on demand are not amortised. Loans and borrowings are classified as current assets or liabilities unless the borrower has an unconditional right to defer settlement of the liability for at least twelve months after the financial year end date.

### ***Other financial liabilities***

Other financial liabilities, including trade creditors arising from services purchased from suppliers on short-term credit, are initially measured at the undiscounted amount owed to the creditor, which is normally the invoice price.

Liabilities that are settled within one year are not discounted. If payment is deferred beyond normal business terms or is financed at a rate of interest that is not a market rate, this constitutes a financing transaction, and the financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Subsequently, other financial liabilities are measured at amortised cost.

# SORRENTO CAPITAL LIMITED

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 SEPTEMBER 2025

---

### Impairment of financial assets

At the end of each reporting period, the company assesses whether there is objective evidence of impairment of any financial assets that are measured at cost or amortised cost, including unlisted investments, loans, trade debtors and cash. If there is objective evidence of impairment, impairment losses are recognised in the Profit and Loss account in that financial year.

### JUDGEMENTS

#### *Going Concern*

The directors consider it appropriate to prepare the financial statements on a going concern basis.

## 2. Directors' remuneration and transactions

### 2a. Directors' remuneration

Included in staff costs are the following in respect of directors of the company:

	2025	2024
	€	€
Emoluments in respect of qualifying services	-	-
	<hr/>	<hr/>
	-	-
	<hr/>	<hr/>

### 2b. Payments to third parties for services of directors

	2025	2024
	€	€
There were no payments to third parties for services of directors	-	-
	<hr/>	<hr/>
	-	-
	<hr/>	<hr/>

### 2c. Transactions with directors and officers

#### *Loans from directors*

There were no loans to or from the company in the year ended 30 September 2024 to or from either Director

#### *Loans to directors*

There were no loans to Directors during the period.

#### *Loans from directors*

	2025	2024
	€	€
Amounts repayable as loans from directors	-	-
Creditors and accruals	3,352	1,075
Other creditors including tax and social insurance	-	-
<b>At 30 September</b>	<b>3,352</b>	<b>1,073</b>

### 7. Events after the end of the financial year

There were no material events effecting the company post the year-end.

### 8. Contingent liability

No contingent liabilities to note.

### 9. Related party transactions and controlling party

#### *Ultimate controlling party*

Alan Victory, the Managing Director of the company, is considered by the directors to be the company's ultimate controlling party as he is the legally registered holder of 100% of the ordinary share capital of the company.

#### *Key management personnel compensation*

The directors' remuneration disclosed in note 2 represents the total compensation paid to key management personnel, if any.

#### *Other related party transactions*

Any other related party transactions are disclosed under Directors' remuneration and transactions – see note 2.

### 10. Approval of the financial statements

The Board of Directors approved these financial statements for issue on 30 November 2025.
