The directors approve these financial statements and confirm that they are responsible for them, including selecting the appropriate accounting policies, applying them consistently and making, on a reasonable and prudent basis, the judgements underlying them. **SONIC EXPRESS FREIGHT LIMITED**  
**NOTES TO THE ABRIDGED FINANCIAL STATEMENTS**  
**FOR THE FINANCIAL YEAR ENDED 30 APRIL 2025**

**1. GENERAL INFORMATION**

Sonic Express Freight Limited is a company limited by shares incorporated and registered in Ireland. The registered number of the company is 740656. The registered office of the company is 14 Longview Avenue, Miller's Glen, Swords, Dublin which is also the principal place of business of the company. The principal activity of the company is haulage services.

There has been no significant change in these activities during the financial year ended 30 April 2025. The financial statements have been presented in Euro (€) which is also the functional currency of the company.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

**Statement of compliance**

The financial statements of the company for the financial year ended 30 April 2025 have been prepared in accordance with the provisions of FRS 102 Section 1A (Small Entities) and the Companies Act 2014.

**Basis of preparation**

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention except for certain properties and financial instruments that are measured at revalued amounts or fair values, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" Section 1A, issued by the Financial Reporting Council.

The company qualifies as a small company as defined by section 280A of the Companies Act 2014 in respect of the financial year, and has applied the rules of the 'Small Companies Regime' in accordance with section 280C of the Companies Act 2014 and Section 1A of FRS 102.

**Turnover**

Turnover is measured as the fair value of the consideration received or receivable, exclusive of trade discounts and value added tax. Turnover is recognised to the extent that it is probable that the economic benefits will flow to the company and the turnover can be reliably measured.

**Trade and other debtors**

Trade and other debtors are initially recognised at transaction price and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

A provision for impairment of trade debtors is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the asset's carrying amounts and the present value of estimated future cash flows, discounted at the effective interest rate. All movements in the level of the provision required are recognised in the profit and loss.

**Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and in hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. In the Balance Sheet bank overdrafts are shown within Creditors.

**Trade and other creditors**

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

**Taxation**

Current tax represents the amount expected to be paid or recovered in respect of taxable profits for the financial year and is calculated using the tax rates and laws that have been enacted or substantially enacted at the Balance Sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more tax in the future, or a right to pay less tax in the future. Timing differences are temporary differences between the company's taxable profits and its results as stated in the financial statements.

Deferred tax is measured on an undiscounted basis at the tax rates that are anticipated to apply in the periods in which the
