NEXT LEVEL CONSULTING LIMITED

We, as directors of Next Level Consulting Limited, state that:

(a) the company is availing itself of the exemption provided for by Chapter 15 of Part 6 of the Companies Act 2014,

(b) the company is availing itself of the exemption on the grounds that the conditions specified in Section 358 are complied with,

(c) no notice under subsection (1) of section 334 has in accordance with subsection (2) of that section been served on the company, and

(d) we acknowledge the company's obligations under Companies Act 2014, to keep adequate accounting records and prepare Financial Statements which give a true and fair view of the assets, liabilities and financial position of the company at the end of its financial year and of its profits or loss for such a year and to otherwise comply with the provisions of Companies Act 2014 relating to Financial Statements so far as they are applicable to the company.

We, as directors of Next Level Consulting Limited, state that - the company has relied on the specified exemption contained in Section 352 Companies Act 2014; has done so on the grounds that the company is entitled to the benefit of that exemption as a company that qualifies for the micro companies regime and confirm that the abridged Financial Statements have been properly prepared in accordance with Section 353 Companies Act 2014.

These financial statements have been prepared in accordance with the provisions applicable to companies subject to the micro companies regime and in accordance with Financial Reporting Statement 105 'The Financial Statement Reporting Standard applicable to Micro-Entities Regime'.

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31ST JULY 2025**

1. Accounting Policies

The company's registered office is 20 Brookmount, Old Blessington Road, Balrothery, Dublin 24, Co.Dublin. The company is a limited liability company incorporated and domiciled in Ireland and its company registration number is 746233. The company is tax resident in Ireland.

The significant accounting policies adopted by the Company and applied consistently in the preparation of these financial statements are set out below.

1.1. Basis of Preparation of Financial Statements

The financial statements are prepared on the going concern basis, under historical cost convention, and comply with the financial reporting standards of the Financial Reporting Council including FRS 105 'The Financial Reporting Standard applicable to the Micro-Entities Regime' and promulgated by The Association of Chartered Certified Accountants and The Institute of Chartered Accountants in Ireland and the Companies Act 2014.

The financial statements are prepared in Euro which is the functional currency of the company.

1.2. Revenue

Revenue is recognised to the extent that the company obtains the right to consideration in exchange for its performance. Revenue comprises the fair value of consideration received and receivable exclusive of value added tax and after discounts and rebates.

Where the consideration receivable in cash or cash equivalents is deferred, and the arrangement constitutes a financing transaction, the fair value of the consideration is measured as the present value of all future receipts using the imputed rate of interest.

Revenue from the provision of services is recognised in the accounting period in which the services are rendered and the outcome of the contract can be estimated reliably. The company uses the percentage of completion method based on the actual service performed as a percentage of the total services to be provided.

1.3. Government grants

Government grants are recognised at their fair value in profit or loss where there is a reasonable assurance that the grant will be received and the Company has complied with all attached conditions.

Capital Grants received where the Company has yet to comply with all attached conditions are recognised as a liability (and included in deferred income within trade and other payables) and released to income when all attached conditions have been complied with.

Revenue Grants are credited to income so as to match them with the expenditure to which they relate. Government grants received are included in 'other income' in profit or loss.

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST JULY 2025

1.4. Taxation

Current tax is calculated on the profits of the period. Current tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date.

Current taxation assets and liabilities are not discounted.

Deferred tax is not recognised.

1.5. Trade receivables

Trade receivables are recognised initially at fair value and subsequently less any provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. All movements in the level of the provision required are recognised in the profit and loss.

1.6. Cash and cash equivalents

Cash and cash equivalents include cash on hand, demand deposits and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

1.7. Trade payables

Accounts payables are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

NEXT LEVEL CONSULTING LIMITED

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST JULY 2025

1.8. Employee benefits

The company provides a range of benefits to employees, including paid holiday arrangements and defined contribution pension plans.

(i) Short term benefits

Short term benefits, including holiday pay and other similar non-monetary benefits, are recognised as an expense in the period in which the service is received.

(ii) Defined contribution pension plans

The Company operates a defined contribution plan. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate fund. Under defined contribution plans, the company has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

For defined contribution plans, the company pays contributions to privately administered pension plans on a contractual or voluntary basis. The company has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

1.9. Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.
