Net Assets	112,242	112,339
Equity	112,242	112,339

The financial statements have been prepared in accordance with the micro-companies' regime and FRS 105 "The Financial Reporting Standard applicable to the Micro-Entities Regime".

I as Director of Avron Limited, state that -

(a) the company is availing itself of the exemption provided for by Chapter 15 of Part 6 of the Companies Act 2014,

(b) the company is availing itself of the exemption on the grounds that the conditions specified in section 358 are satisfied,

(c) the shareholders of the company have not served a notice on the company under section 334(1) in accordance with section 334(2),

(d) I acknowledge the company's obligations under the Companies Act 2014, to keep adequate accounting records and prepare financial statements which give a true and fair view of the assets, liabilities and financial position of the company at the end of its financial year and of its profit or loss for such a financial year and to otherwise comply with the provisions of the Companies Act 2014 relating to financial statements so far as they are applicable to the company,

(e) the company has relied on the specified exemption contained in section 352 Companies Act 2014 (as a micro company). The company has done so on the grounds that the company is entitled to the benefit of that exemption as a small company and the abridged financial statements have been properly prepared in accordance with section 353 Companies Act 2014 and the micro companies' regime.

Approved by the Director and authorised for issue on 24 March 2026 :

Robert Scanlon
Director

Avron Limited

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS

for the financial year ended 31 May 2025

1. General Information

Avron Limited is a company limited by shares incorporated and registered in Ireland. The registered number of the company is 628599. The registered office of the company is 7 Trinity Street, Dublin 2 which is also the principal place of business of the company.

Currency

The financial statements have been presented in Euro (€) which is also the functional currency of the company.

2. Summary of Significant Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company financial statements.

Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 105 "The Financial Reporting Standard applicable to the Micro-Entities Regime" issued by the Financial Reporting Council.

The company qualifies as a micro company as defined by section 280D of the Companies Act 2014 in respect of the financial year, and has applied the rules of the 'Micro Companies Regime' in accordance with section 280E of the Companies Act 2014 and FRS 105.

Revenue

Revenue is recognised to the extent that the company obtains the right to consideration in exchange for its performance. Revenue comprises the fair value of consideration received and receivable exclusive of value added tax and after discounts and rebates.

Where the consideration receivable in cash or cash equivalents is deferred, and the arrangement constitutes a financing transaction, the fair value of the consideration is measured as the present value of all future receipts using the imputed rate of interest.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on dispatch of the goods, the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the entity and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue from the provision of services is recognised in the accounting period in which the services are rendered and the outcome of the contract can be estimated reliably. The company uses the percentage of completion method based on the actual service performed as a percentage of the total services to be provided.

Provisions

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount of the obligation can be estimated reliably.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as a finance cost.

Avron Limited**NOTES TO THE ABRIDGED FINANCIAL STATEMENTS**

for the financial year ended 31 May 2025

Contingencies

Contingent liabilities, arising as a result of past events, are not recognised when (i) it is not probable that there will be an outflow of resources or that the amount cannot be reliably measured at the reporting date or (ii) when the existence will be confirmed by the occurrence or non-occurrence of uncertain future events not wholly within the company's control. Contingent liabilities are disclosed in the financial statements unless the probability of an outflow of resources is remote.

Contingent assets are not recognised. Contingent assets are disclosed in the financial statements when an inflow of economic benefits is probable.

Cash at bank and in hand

Cash and cash equivalents comprise cash at bank and in hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. In the Statement of Financial Position bank overdrafts are shown within Payables.

Trade and other payables

Trade and other payables including amounts owed from group companies are recognised initially at transaction price (including transaction costs) unless a financing arrangement exists in which case they are measured at the present value of future receipts discounted at a market rate. Subsequently these are measured at amortised cost less any provision for impairment. A provision for impairment of trade debtors is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. All movements in the level of the provision required are recognised in the income statement.

Taxation

Current tax is calculated on the profits of the period. Current tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date.

Current taxation assets and liabilities are not discounted.

Deferred tax is not recognised.

Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated at the rates of exchange ruling at the balance sheet date. Transactions, during the financial year, which are denominated in foreign currencies are translated at the rates of exchange ruling at the date of the transaction. The resulting exchange differences are dealt with in the Income Statement.

Ordinary share capital

The ordinary share capital of the company is presented as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

3. Appropriation of Income Statement	2025	2024
	€	€
Profit brought forward	112,239	89,237
(Loss)/profit for the financial year	(97)	23,002
Profit carried forward	112,142	112,239

4. Post-Balance Sheet Events

There have been no significant events affecting the company since the financial year-end.

5. Approval of financial statements

The financial statements were approved and authorised for issue by the board on 24 March 2026.
