STATEMENT OF DIRECTORS' RESPONSIBILITIES

Company law requires the Directors to prepare financial statements for each financial year which gives a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing those financial statements, the Directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to material departures disclosed and explained in the financial statements;
- prepare the financial statements based on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors confirm that they have complied with the above requirements in preparing the financial statements. The Directors confirm that the company never starts trading.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Acts, 1963 to 2014. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**NOTES TO THE ABRIDGED FINANCIAL STATEMENTS
AS AT 30 JUNE 2025**

1 BASIS OF PREPARATION

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

At the balance sheet date, the Company had losses of €258,165 net current liabilities and a deficit in shareholders' funds of €258,065 respectively. The Directors will provide the required financial support to enable the Company to meet its liabilities as and when they fall due. The financial statements of the Company therefore, have been prepared on a going concern basis and as such, do not include any adjustments to reduce the values of assets to their recoverable amounts, to provide for any further liabilities, and reclassify non-current asset and liabilities as current if the going concern basis of preparing the financial statements is not appropriate.

2 SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies have been consistently applied in dealing with items which are considered material in relation to the Company's financial statements.

(a) Revenue recognition

Sales are recognised upon delivery of products and customer acceptance, if any, net of value added taxes and discounts.

(b) Taxation

Current tax, including Irish corporation tax and foreign taxes, is provided on the Company's taxable profits, at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantially enacted by the balance sheet date.

(c) Deferred taxation

The tax expense is determined on the basis of tax effect accounting using the liability method. Deferred taxation is recognised for timing differences except when there is reasonable evidence that such timing differences will not reverse in the foreseeable future. The tax effect of timing differences that result in a debit balance or a debit to the deferred tax balance is not carried forward unless there is a reasonable expectation of its realisation.
