Independent auditor's special report to the shareholders of OCO Global Trade and Advisory Services Limited

Opinion

In our opinion, the directors are entitled under section 352 of the Companies Act 2014 to annex abridged financial statements to the annual return of OCO Global Trade and Advisory Services Limited ("the Company") and those abridged financial statements have been properly prepared pursuant to the provisions of section 353 of that Act (exemptions available to small companies).

Basis of opinion

We have examined:

- (i) the abridged financial statements for the financial year ended 31 March 2025 on pages 6 to 12 which the directors of OCO Global Trade and Advisory Services Limited propose to annex to the Annual return of the Company; and
- (ii) the financial statements to be laid before the Annual general meeting which form the basis for those abridged financial statements.

The scope of our work for the purpose of this report was limited to confirming that the directors are entitled to annex abridged financial statements to the annual return and that those abridged financial statements have been properly prepared, pursuant to section 353 of the Companies Act 2014, from the financial statements to be laid before the Annual General Meeting.

Other information

On we reported, as auditor of the Company, to the members on the financial statements for the financial year ended 31 March 2025, and the full text of our audit report is reproduced below.

Independent auditor's special report to the shareholders of OCO Global Trade and Advisory Services Limited

Opinion

We have audited the financial statements of OCO Global Trade and Advisory Services Limited (the 'Company'), which comprise the Balance sheet for the financial year ended 31 March 2025, and the related notes to the financial statements, including a summary of significant accounting policies.

The financial reporting framework that has been applied in the preparation of the financial statements is Irish law and accounting standards issued by the Financial Reporting Council including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (Generally Accepted Accounting Practice in Ireland) (the "relevant accounting framework").

In our opinion, OCO Global Trade and Advisory Services Limited's financial statements:

- give a true and fair view of the assets, liabilities and financial position of the Company as at 31 March 2025 and of its profit or loss for the financial year then ended;
- have been properly prepared in accordance with the relevant accounting framework; and
- have been properly prepared in accordance with the requirements of the Companies Act 2014.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard for Auditors (Ireland) issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and the ethical pronouncements established by Chartered Accountants Ireland, applied as determined to be appropriate in the circumstances for the entity. We have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the date when the financial statements are authorised for issue.

Our responsibilities, and the responsibilities of the directors, with respect to going concern are described in the relevant sections of this report.

Independent auditor's special report to the shareholders of OCO Global Trade and Advisory Services Limited (continued)

Other information

The directors are responsible for the other information. Other information comprises information included in the Annual Report, other than the financial statements and our auditor's report thereon, including the Directors' report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on the matters prescribed by the Companies Act 2014

We have obtained all the information and explanations which to the best of our knowledge and belief, we considered necessary for the purposes of our audit.

In our opinion:

- the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited.
- information and returns adequate for our audit have been received from branches not visited by us.

The Abridged balance sheet and the Statement of comprehensive income are in agreement with the accounting records and returns.

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the Directors' report for the financial year is consistent with the financial statements;
- the Directors' report has been prepared in accordance with applicable legal requirements, excluding the requirements on sustainability reporting in Part 28.

Based on our knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified any material misstatements in the Directors' report.

Matters on which we are required to report by exception

The Companies Act 2014 requires us to report to you if, in our opinion, the requirements of sections 305 to 312 of the Act, which relate to the disclosure of directors' remuneration and transactions with directors have not been complied with by the Company. We have nothing to report in this regard.

Independent auditor's special report to the shareholders of OCO Global Trade and Advisory Services Limited (continued)

Responsibilities of management and those charged with governance for the financial statements

As explained more fully in the directors' responsibilities statement, management is responsible for the preparation of the financial statements which give a true and fair view in accordance with Generally Accepted Accounting Practice in Ireland, including FRS102, and for such internal control as they determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process and for the preparation of financial statements that give a true and fair view.

Auditor's responsibilities for the audit of the financial statements

The objectives of an auditor are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Irish Auditing and Accounting Supervisory Authority's website at: http://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description_of_auditors_responsibilities_for_audit.pdf. This description forms part of our auditor's report.

Independent auditor's special report to the shareholders of OCO Global Trade and Advisory Services Limited (continued)

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Company's members, as a body, in accordance with section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose.

To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

We, as directors of OCO Global Trade and Advisory Services Limited, state that:

The Company has relied on the specific exemptions contained in section 352 of the Companies Act 2014; the Company has done so on the grounds that it is entitled to the benefit of that exemption as a small Company and the abridged financial statements have been properly prepared in accordance with section 353 of the Companies Act 2014.

These financial statements have been prepared in accordance with the small companies regime.

The financial statements were approved and authorised for issue by the board:

Mark O'Connell
 Director

Colm Reilly
 Director

Date: 10th March 2026

The notes on pages 7 to 12 form part of these financial statements.

Notes to the financial statements

For the financial year ended 31 March 2025

1. General information

OCO Global Trade and Advisory Services Limited is a private company limited by shares and is registered in the Republic of Ireland. The registered office is Guinness Enterprise Centre, Taylors Lane, Dublin 8, D08 YK82, Ireland.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with FRS 102 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland' and the requirements of the Companies Act 2014. The disclosure requirements of Section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 3).

The Company qualifies as a small company as defined by section 280A of the act, in respect of the financial year and has applied the rules of the "Small Companies Regime" in accordance with section 280C of the Act and section 1A of FRS 102.

The following principal accounting policies have been applied:

2.2 Going concern

After reviewing the Company's forecasts and projections, the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. The Company therefore continues to adopt the going concern basis in preparing its financial statements on the basis that the parent company, OCO Global Limited, will provide financial support for the foreseeable future.

2.3 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is Euros.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges.

Notes to the financial statements

For the financial year ended 31 March 2025

2. Accounting policies (continued)

2.3 Foreign currency translation (continued)

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Statement of comprehensive income within 'finance income or costs'. All other foreign exchange gains and losses are presented in profit or loss within 'other operating income'.

2.4 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

Rendering of services

Revenue from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the Company will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

2.5 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in the Statement of comprehensive income when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of financial position. The assets of the plan are held separately from the company in independently administered funds.

Notes to the financial statements

For the financial year ended 31 March 2025

2. Accounting policies (continued)

2.6 Taxation

Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2.7 Debtors

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, inclusive of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.8 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.9 Creditors

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, inclusive of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.10 Financial instruments

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Notes to the financial statements

For the financial year ended 31 March 2025

2. Accounting policies (continued)

2.10 Financial instruments (continued)

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost, unless it qualifies as a loan from a director in the case of a small company, or a public benefit entity concessionary loan.

Investments in non derivative instruments that are equity to the issuer are measured:

- at fair value with changes recognised in the Statement of comprehensive income if the shares are publicly traded or their fair value can otherwise be measured reliably;
- at cost less impairment for all other investments.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of comprehensive income.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Company would receive for the asset if it were to be sold at the balance sheet date.

Financial assets and liabilities are offset and the net amount reported in the Balance sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Notes to the financial statements

For the financial year ended 31 March 2025

3. Judgements in applying accounting policies and key sources of estimation uncertainty

In applying the Company's accounting policies, the directors are required to make significant judgements, estimates and assumptions in determining the carrying amounts of assets and liabilities. The director's judgements, estimates and assumptions are based on the best and most reliable evidence available at the time when the decisions are made, and are based on historical experience and other factors that are considered to be applicable. Due to the inherent subjectivity involved in making sure judgements, estimates and assumptions, the actual results and outcomes may differ.

Estimating an allowance for impairment of trade debtors and amounts recoverable on contracts

The directors estimate the allowance for doubtful trade debtors and amounts recoverable on contracts based on an assessment of specific accounts where the directors have objective evidence, comprising a default in payment terms or significant financial difficulty, that certain customers are unable to meet their financial obligations.

4. Employees

The average monthly number of employees, including the directors, during the financial year was as follows:

	2025 No.	2024 No.
Employees	2	2

5. Debtors

	2025 €	2024 €
Trade debtors	82,980	139,223
Other debtors	16,584	-
Amounts recoverable on contracts	6,254	41,746
	105,818	180,969

Debtors are stated after a provision for bad debts of €Nil (2024: €Nil).

6. Cash and cash equivalents

	2025 €	2024 €
Cash at bank and in hand	1,861	115,959

Notes to the financial statements

For the financial year ended 31 March 2025

7. Creditors: Amounts falling due within one year

	2025	2024
	€	€
Trade creditors	41,881	6,977
Amounts owed to group undertakings	68,998	333,334
Taxation and social insurance	12,346	12,336
Other creditors	2,858	-
Accruals	17,336	8,500
	<u>143,419</u>	<u>361,147</u>

Amounts owed to group undertakings are interest free and repayable on demand. All other creditors are repaid in line with credit terms or statutory deadlines.

8. Post balance sheet events

There have been no significant events affecting the Company since the year end.

9. Ultimate controlling party

The Company's ultimate parent and controlling party is OCO Global Limited by virtue of owning 100% of the issued share capital. OCO Global Limited is a Company who is domiciled and registered in the United Kingdom. The registered office is 6 Citylink Business Park, Belfast BT12 4HB. The Company's ultimate parent undertaking and the undertaking of the only group of undertakings in which group financial statements are drawn up and of which OCO Trade Advisory Services Limited is a member is OCO Global Limited. Group financial statements may be obtained by writing to the registered office noted above.

10. Approval of financial statements

The board of directors approved these financial statements for issue on 10th March 2026
