TANFORD FOODS (ROI) CO LIMITED
NOTES TO THE ABRIDGED FINANCIAL STATEMENTS
for the financial year ended 30 June 2025

1. Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the financial year and to the preceding financial year, unless otherwise stated.

General information and basis of accounting

Tanford Foods (ROI) Co Limited (registered number 675495) (the Company) is a private company, limited by shares, registered in Ireland under the Companies Act 2014. The address of the registered office is Ground Floor, 71 Lower Baggot Street, Dublin, D02 P593, Ireland.

The financial statements have been prepared under the historical cost convention and in accordance with FRS 105 'The Financial Reporting Standard applicable to the Micro-entities Regime'.

The functional currency of Tanford Foods (ROI) Co Limited is considered to be EUR because that is the currency of the primary economic environment in which the Company operates.

Going concern

The directors have assessed the Balance Sheet and likely future cash flows at the date of approving these financial statements. The directors note that the business has net liabilities of €18,125. The Company is supported through loans from the directors other company. The directors have confirmed that the loan facilities will continue to be available for at least 12 months from the date of signing these financial statements and the directors will continue to support the Company. Given the current position, the directors believe that any foreseeable debts can be met for at least 12 months from the date of signing these financial statements. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Foreign currency

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the Balance Sheet date are reported at the rates of exchange prevailing at that date.

Exchange differences are recognised in the Profit and Loss Account in the period in which they arise except for exchange differences arising on gains or losses on non-monetary items which are recognised in the Statement of Comprehensive Income.

Turnover

Turnover is stated net of VAT and trade discounts and is recognised when the significant risks and rewards are considered to have been transferred to the buyer. Turnover from the sale of goods is recognised when the goods are physically delivered to the customer.

NOTES TO THE ABRIDGED FINANCIAL STATEMENTS (continued)
for the financial year ended 30 June 2025

Taxation

Current tax

Current tax, including Irish corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date.

A provision is recognised for those matters for which the tax determination is uncertain but it is considered probable that there will be a future outflow of funds to a tax authority. The provisions are measured at the best estimate of the amount expected to become payable. The assessment is based on the judgement of tax professionals within the Company supported by previous experience in respect of such activities and in certain cases based on specialist independent tax advice.

Where items recognised in other comprehensive income or equity are chargeable to or deductible for tax purposes, the resulting current or deferred tax expense or income is recognised in the same component of comprehensive income or equity as the transaction or other event that resulted in the tax expense or income.

Current tax assets and liabilities are offset only when there is a legally enforceable right to set off the amounts and the Company intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Trade and other debtors

Trade and other debtors are measured initially at transaction price and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

Cash and cash equivalents

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in creditors: amounts falling due within one year.

Trade and other creditors

Trade and other creditors are measured initially at transaction price and thereafter stated at amortised cost using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost.

Ordinary share capital

The ordinary share capital of the Company is presented as equity.
