NOTES TO THE ABRIDGED FINANCIAL STATEMENTS **FOR THE YEAR ENDED 31ST JANUARY 2026**

1. Accounting Policies

The company's registered office is 92 Foxrock Avenue, Dublin 18, Co. Dublin, . The company is a limited liability company incorporated and domiciled in Ireland and its company registration number is 452383. The company is tax resident in Ireland.

The significant accounting policies adopted by the Company and applied consistently in the preparation of these financial statements are set out below.

1.1. Basis of Preparation of Financial Statements

The financial statements are prepared on the going concern basis, under historical cost convention, and comply with the financial reporting standards of the Financial Reporting Council including FRS 105 'The Financial Reporting Standard applicable to the Micro-Entities Regime' and promulgated by The Association of Chartered Certified Accountants and The Institute of Chartered Accountants in Ireland and the Companies Act 2014.

The financial statements are prepared in Euro which is the functional currency of the company.

1.2. Revenue

Revenue is recognised to the extent that the company obtains the right to consideration in exchange for its performance. Revenue comprises the fair value of consideration received and receivable exclusive of value added tax and after discounts and rebates.

Where the consideration receivable in cash or cash equivalents is deferred, and the arrangement constitutes a financing transaction, the fair value of the consideration is measured as the present value of all future receipts using the imputed rate of interest.

Revenue from the provision of services is recognised in the accounting period in which the services are rendered and the outcome of the contract can be estimated reliably. The company uses the percentage of completion method based on the actual service performed as a percentage of the total services to be provided.

1.3. Taxation

Current tax is calculated on the profits of the period. Current tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date.

Current taxation assets and liabilities are not discounted.

Deferred tax is not recognised.

FOR THE YEAR ENDED 31ST JANUARY 2026

1.4. Property plant and equipment

(i) Cost

Property, plant and equipment are recorded at historical cost or deemed cost, less accumulated depreciation and impairment losses. Cost includes prime cost, overheads and interest incurred in financing the construction of tangible fixed assets. Capitalisation of interest ceases when the asset is brought into use.

Motor vehicles are stated at cost less accumulated depreciation and accumulated impairment losses.

(ii) Depreciation

Depreciation is provided on property, plant and equipment, on a straight-line basis, so as to write off their cost less residual amounts over their estimated economic lives as follows:

The estimated economic lives assigned to property, plant and equipment are as follows:

The company's policy is to review the remaining economic lives and residual values of property, plant and equipment on an on-going basis and to adjust the depreciation charge to reflect the remaining estimated life and residual value.

Fully depreciated property, plant & equipment are retained in the cost of property, plant & equipment and related accumulated depreciation until they are removed from service. In the case of disposals, assets and related depreciation are removed from the financial statements and the net amount, less proceeds from disposal, is charged or credited to the income statement.

(iii) Impairment

Assets not measured at fair value are reviewed for any indication that the asset may be impaired at each balance sheet date. If such indication exists, the recoverable amount of the asset, or the asset's cash generating unit, is estimated and compared to the carrying amount. Where the carrying amount exceeds its recoverable amount, an impairment loss is recognised in profit or loss unless the asset is carried at a revalued amount where the impairment loss is a revaluation decrease.

1.5. Cash and cash equivalents

Cash and cash equivalents include cash on hand, demand deposits and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

FOR THE YEAR ENDED 31ST JANUARY 2026

1.6. Trade receivables

Trade receivables are recognised initially at fair value and subsequently less any provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. All movements in the level of the provision required are recognised in the profit and loss.

2. Movement on profit and loss reserves
