Wildflower Enterprises (Restaurant) Ltd

**Balance sheet (continued)
as at 28th February 2025**

I, as director of Wildflower Enterprises (Restaurant) Ltd state that:

- (a) the company is availing itself of the audit exemption (and the exemption shall be expressed to be "the exemption provided for by Chapter 15 of Part 6 of the Companies Act 2014"),
- (b) the company is availing itself of the exemption on the grounds that section 358 of is compiled with,
- (c) no notice under subsection (1) of section 334 has, in accordance with subsection (2) of that section, been served on the company, and
- (d) the company qualifies for the Small Companies Regime on the grounds that section 280C of the Companies Act 2014 is compiled with and the financial statements have been prepared in accordance with the Small Companies Regime.
- (e) The director acknowledges the obligations of the company, under this Act, to -
 - (i) keep adequate accounting records and prepare financial statements which give a true and fair view of the assets, liabilities and financial position of the company at the end of its financial year of its profit or loss for such a year, and
 - (ii) otherwise comply with the provisions of this Act relating to financial statements so far as they are applicable to the company,
- (f) the company has relied on the specified exemption contained in section 352 of the Companies Act 2014; has done so on the grounds that the company is entitled to the benefit of that exemption as a small company and the abridged financial statements have been properly prepared in accordance with section 353 of the Companies Act 2014.

These abridged financial statements were approved by the director of the company on 26.11.25 and signed by:

William Kinsella
Director

The notes on pages 3 to 9 form part of these abridged financial statements.

Wildflower Enterprises (Restaurant) Ltd

Notes to the abridged financial statements Financial year ended 28th February 2025

1. General information

The company is a private company limited by shares, registered in Ireland (CRO registration number: 598456). The address of the registered office is Ballyandrew, Ferns, Wexford.

2. Statement of compliance

These financial statements have been prepared in accordance with applicable Irish accounting standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" issued by the Financial Reporting Council. In applying FRS 102, the director has opted to avail of the disclosure exemptions as set out in Section 1A of FRS 102. The director has done so on the basis that the company qualifies as a small company in accordance with the Small Companies Regime.

3. Accounting policies and measurement bases

Basis of preparation

The financial statements have been prepared in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the Republic of Ireland and Irish statute comprising the Companies Act 2014. The company qualifies as a small company as defined by Section 280A of the Act, in respect of the financial year and has applied the rules of the "Small Companies Regime" in accordance with Section 280C of the Act and section 1A of FRS102.

The financial statements are presented in Euro, which is the functional currency of the entity.

Going concern

The director considers it appropriate to prepare the financial statements on a going concern basis.

Judgements and key sources of estimation uncertainty

Preparation of the financial statements requires management to make significant judgements and estimates in arriving at the figures in the financial statements. Particular areas which are subject to accounting estimates in these financial statements include areas such as estimating the value of stock, estimating the useful life of tangible assets, estimating bad debts and judgemental provisions and accruals.

Turnover

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax.

Sale of goods

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer, usually on despatch of the goods; the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Rendering of services

Revenue from the rendering of services is measured by reference to the stage of completion of the service transaction at the end of the reporting period provided that the outcome can be reliably estimated. When the outcome cannot be reliably estimated, revenue is recognised only to the extent that expenses recognised are recoverable.

Wildflower Enterprises (Restaurant) Ltd

Notes to the abridged financial statements (continued)

Financial year ended 28th February 2025

Taxation

Current tax is recognised for the amount of corporation tax payable in respect of the taxable profit for the current or past periods using the tax rates and laws that have been enacted or substantively enacted by the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Tangible assets

Tangible assets are initially recorded at cost, and are subsequently stated at cost less any accumulated depreciation and impairment losses.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

| | |
|---------------------------------|------------------------|
| Fixtures fittings and equipment | - 12.50% straight line |
| Motor vehicles | - 20.00% straight line |

If there is an indication that there has been a significant change in depreciation rate, useful life or residual value of tangible assets, the depreciation is revised prospectively to reflect the new estimates.

Impairment

At each reporting date, non-financial assets not carried at fair value are assessed to determine whether there is an indication that the asset may be impaired. Where there is such an indication the recoverable amount is compared to the carrying amount of the asset. If the recoverable amount of an asset is less than the carrying amount the asset is reduced to its recoverable amount.

The recoverable amount of an asset (or cash generating unit) is the higher of its fair value costs to sell and its value in use. Fair value less costs to sell is the amount obtainable for the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less costs of disposal. Value in use is the present value of future pre-tax and interest cash flows obtainable as a result of the continued use of the asset.

If the recoverable amount of an asset is less than its carrying amount, the carrying amount is reduced to its recoverable amount. An impairment loss is recognised in the profit and loss account. If an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but only to the extent that the revised carrying amount does not exceed the carrying amount that would have been determined (net of depreciation) had no impairment loss been recognised in prior periods. A reversal of an impairment loss is recognised on the profit and loss account.

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stocks to their present location and condition.

Wildflower Enterprises (Restaurant) Ltd

Notes to the abridged financial statements (continued) Financial year ended 28th February 2025

Hire purchase and finance leases

Assets held under finance leases are recognised in the balance sheet as assets and liabilities at the lower of the fair value of the assets and the present value of the minimum lease payments, which is determined at the inception of the lease term. Any initial direct costs of the lease are added to the amount recognised as an asset.

Lease payments are apportioned between the finance charges and reduction of the outstanding lease liability using the effective interest method. Finance charges are allocated to each period so as to produce a constant rate of interest on the remaining balance of the liability.

Government grants

Government grants are recognised at the fair value of the asset received or receivable. Grants are not recognised until there is reasonable assurance that the company will comply with the conditions attaching to them and the grants will be received.

Government grants are recognised using the accrual model.

Under the accrual model, government grants relating to revenue are recognised on a systematic basis over the periods in which the company recognises the related costs for which the grant is intended to compensate. Grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs are recognised in income in the period in which it becomes receivable.

Grants relating to assets are recognised in income on a systematic basis over the expected useful life of the asset. Where part of a grant relating to an asset is deferred, it is recognised as deferred income and not deducted from the carrying amount of the asset.

Financial instruments

The company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Profit and Loss account.

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund.

When contributions are not expected to be settled wholly within 12 months of the end of the reporting date in which the employees render the related service, the liability is measured on a discounted present value basis. The unwinding of the discount is recognised in finance costs in profit or loss in the period in which it arises.

Trade and other debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

Wildflower Enterprises (Restaurant) Ltd

Notes to the abridged financial statements (continued)

Financial year ended 28th February 2025

Creditors and accruals

Creditors and accruals are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Employee benefits

The company provides benefits to employees including paid holiday arrangements.

Short term benefits

Short term benefits, including holiday pay and other similar non-monetary benefits, are recognised as an expense in the period in which the service is received.

Cash at bank and in hand

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

Share capital

Ordinary shares are classified as equity. Called-up share capital represents the nominal value of shares that have been issued. The share premium account includes any premiums received on issue of share capital. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

4. Staff costs

The average number of persons employed by the company during the financial year, including the director was 27 (2024: 26).

5. Directors remuneration

The director's aggregate remuneration was as follows:

| | 2025 | 2024 |
|---|---------------|---------------|
| | € | € |
| Emoluments in respect of qualifying services | 52,469 | 38,714 |
| Pension contributions to defined contribution plans in respect of qualifying services | 28,000 | - |
| | <u>80,469</u> | <u>38,714</u> |

6. Loss before tax

Loss is stated after charging/(crediting):

| | 2025 | 2024 |
|---------------------------------|---------------|---------------|
| | € | € |
| Depreciation of tangible assets | <u>30,096</u> | <u>29,995</u> |

Wildflower Enterprises (Restaurant) Ltd
