We, as directors of Airbaglightoff Limited, state that:

- a) the company is availing itself of the exemption provided for by Chapter 15 of Part 6 of the Companies Act 2014,
- b) the company is availing itself of the exemption on the grounds that the conditions specified in s.358 are satisfied,
- c) the shareholders of the company have not served a notice on the company under s.334(1) in accordance with s.334(2) of the Companies Act 2014
- d) we acknowledge the company's obligations under the Companies Act 2014, to keep adequate accounting records and prepare Financial Statements which give a true and fair view of the assets, liabilities and financial position of the company at the end of its financial year and of its profit or loss for such a year and otherwise comply with the provisions of the Companies Act 2014 relating to Financial Statements so far as they are applicable to the company,
- e) the company has relied on the specified exemption contained in s.352; We have done so on the grounds that the company is entitled to the benefit of that exemption as a micro company and the abridged Financial Statements have been properly prepared in accordance with s.353.

On behalf of the board

Airbaglightoff Limited

General Information and Accounting Policies

The financial statements are prepared in accordance with the micro company regime and under the historical cost convention. The accounts are presented in Euro. The significant accounting policies adopted are set out below.

Tangible fixed assets are stated at cost less accumulated depreciation. No depreciation is provided on freehold land.

The charge for depreciation or other assets is calculated to write down cost to their estimated residual values by equal annual instalments over the expected useful lives, which are as follows:

- a) Plant and equipment 20% straight line
- b) Motor vehicles 12.5% straight line

All financial instruments are at transaction cost less impairment.

Directors loans are at nominal value.

Transactions in foreign currencies are recorded at the rate ruling at the date of the transactions or at a contracted rate. The resulting monetary assets and liabilities are translated at the balance sheet rate or the contracted rate and the exchange differences are dealt with in the profit and loss account.

Stocks are stated at the lower of cost and net realisable value. In the case of finished goods and work in progress, cost is defined as the aggregate cost of raw material, direct labour and the attributable proportion of direct production overheads. Net realisable value is based on normal selling price, less further costs expected to be incurred to completion and disposal.

Tangible fixed assets acquired under finance leases are included in the balance sheet at their equivalent capital value and are depreciated over their useful lives. The corresponding liabilities are recorded as a creditor and the interest element of the finance lease rentals is charged to the profit and loss account on an annuity basis. Operating lease rentals are charged to the profit and loss account on a straight-line basis over the lease term.

Deferred tax is not provided for.

Pension benefits for employees are met by payments to a defined contribution pension fund. Contributions are charged to the profit and loss account in the year which they fall due.

Capital government grants received are shown as deferred income and credited to the profit and loss account by instalments on a basis consistent with the depreciation policy of the relevant assets. Revenue grants are credited to the profit and loss account to offset matching expenditure.

Turnover represents net sales to customers and excludes value added tax.

Airbaglightoff Limited
