BLASKET INVESTMENTS DESIGNATED ACTIVITY COMPANY

DIRECTORS' REPORT

For the year ended December 31, 2025

The Directors present their Directors' report herewith the audited financial statements of Basket Investments Designated Activity Company (the "Company") for the year ended December 31, 2025.

Principal activities and business review

The investment objective of the Company is to achieve capital growth without undue risk to principal by generally investing primarily in distressed debt, credit, special opportunities and other opportunistic investments with a European focus.

The Company, a special purpose company, was established as a qualifying company under Section 110 of the Taxes Consolidation Act, 1997 (as amended). It issues profit participating notes ("PPNs") and uses the proceeds thereof to acquire its portfolio of financial assets.

Attestor Limited (the "Investment Manager"), a limited company incorporated in England and Wales, is the Investment Manager of the Company. The Investment Manager is responsible for identifying investment opportunities and monitoring the performance of the assets of the Company.

Results and dividends

The results for the year are shown in the Statement of Comprehensive Income on page 12. The Company did not pay a dividend in 2025 (2024: USDNil).

Principal risks and uncertainties

The Company's investment approach may include investing in the following categories of investment opportunities:

- Bankruptcies, and other complex situations;
- Restructuring situations;
- Distressed debt issued by non-financial corporates;
- Distressed debt issued by financial services companies; and
- Special situations and/or other opportunistic investments.

Investments in the above listed categories involve specific risks. For example (and without limitation), the Company's investments may be non-interest bearing, unsecured, and/or subordinated to the rights of other claimants. The Company is also exposed to market, liquidity and credit risks. Further details of the risks facing the Company are included in Note 4 to the financial statements.

The Company has considered non-financial risk, which includes but not limited to operational risk, geopolitical tensions, global fiscal and monetary policies and the effects of tariffs and regulations, including sanctions. The Company, through the Investment Manager continues to pay close attention to global developments and be ready to act appropriately as required.

Future developments

The Directors will continue to seek new opportunities for the Company and will continue to oversee the management of its current portfolio of assets.

DIRECTORS' REPORT (Continued)
For the year ended December 31, 2025

Directors and secretary appointments

The current Directors are as stated on page 2 and unless otherwise indicated served throughout the entire year up to the date of approval of these financial statements.

Directors' and secretary's interests in shares

Attestor Limited acts as the Investment Manager of both the Attestor Value Master Fund, LP (the "Master Fund") and the Company. The Company's principal funding is provided ultimately by the Master Fund. Its economic exposure to the Company is effected through PPNs held by Trinity Investments Designated Activity Company. Attestor Value Fund Limited is an Offshore Feeder Fund to the Master Fund and holds no direct interest in the Company. The Directors and Secretary of the Company who held office as at December 31, 2025 had no direct or beneficial interest in the shares, share options or deferred shares or debentures of the Company or any other group company at the beginning or end of the financial year, with the exception of Matteo Zingaretti who held 49 (2024: 2,248) Management Shares in Attestor Value Fund Limited.

Transactions involving directors

On April 1, 2025, Matteo Zingaretti redeemed USD661,111 (2024: subscribed USD210,000) from the Attestor Value Fund Limited.

Going concern

The Directors have made an assessment of the Company's ability to continue as a going concern. The PPNs will not be early redeemed in the next twelve months and the Investment Manager has a right to defer settlement. The directors are satisfied that the Company has the resources to continue in business for the foreseeable future. Furthermore, the Directors are not aware of any material uncertainties that may cast significant doubt upon the Company's ability to continue as a going concern. Therefore, the financial statements are prepared on the going concern basis.

Political donations

The Company made no political donations during the year ended December 31, 2025 (2024: None).

Important events since the year end

Subsequent to year end, the Company issued loan notes of USD1,000,000.

There are no other subsequent events that require adjustment to or disclosure in the financial statements.

Audit committee

The Company did not have an audit committee in place during the year ended December 31, 2025, since the Board has in place policies and procedures to ensure the Board complies with its responsibilities relating to financial reporting, risk assessment and internal control as detailed on the following pages.

Directors' responsibilities statement

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union ("EU") and with those parts of the Companies Acts 2014 applicable to companies reporting under IFRS.

DIRECTORS' REPORT (Continued)
For the year ended December 31, 2025

Directors' responsibilities statement (continued)

Irish company law requires the Directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that year. In preparing those financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state that the financial statements comply with IFRS as adopted by EU and in accordance with the Companies Act 2014; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements are prepared in accordance with applicable accounting standards and comply with the provisions of the Companies Acts 2014. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps, for the prevention and detection of fraud and other irregularities.

Accounting records

The Directors are responsible for ensuring that adequate accounting records as outlined in Section 281 to 285 of the Companies Act 2014 are kept by the Company. The Directors have appointed the Administrator to ensure compliance with those requirements. The accounting records of the Company are maintained at the office of the Administrator.

Compliance statement

The Directors acknowledge that they are responsible for securing the Company's compliance with the relevant obligations as set out in section 225 of the Companies Act 2014. The Directors confirm that:

- 1) A compliance policy document has been drawn up that sets out policies, that in our opinion are appropriate to the Company, respecting compliance by the Company with its relevant obligations;
- 2) Appropriate arrangements or structures are in place that are, in our opinion, designed to secure material compliance with the Company's relevant obligations; and
- 3) During the financial year, the arrangements or structures referred to in (2) have been reviewed.

Disclosure of information to auditor

So far as each person who was a Director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing its report, of which the auditor is unaware. Having made enquiries of fellow Directors and the Company's auditor, each Director has taken all the steps that he is obliged to take as a Director in order to make himself aware of any relevant audit information and to establish that the auditor is aware of that information.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BLASKET INVESTMENTS DESIGNATED ACTIVITY COMPANY

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Blasket Investments Designated Activity Company ('the Company') for the year ended 31 December 2025, which comprise the Statement of Financial Position, Statement of Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows and notes to the financial statements, including the material accounting policy information set out in note 2. The financial reporting framework that has been applied in their preparation is Irish Law and International Financial Reporting Standards ('IFRS') as adopted by the European Union.

In our opinion the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the company as at 31 December 2025 and of its profit for the year then ended;
- have been properly prepared in accordance with IFRS as adopted by the European Union; and
- have been properly prepared in accordance with the requirements of the Companies Act 2014.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the date when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

Shape the future with confidence

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BLASKET INVESTMENTS DESIGNATED ACTIVITY COMPANY (Continued)

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2014

In our opinion, based solely on the work undertaken in the course of the audit, we report that:

- the information given in the directors' report for the financial year ended for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report, other than those parts relating to sustainability reporting where required by Part 28 of the Companies Act 2014, has been prepared in accordance with applicable legal requirements.

We have obtained all the information and explanations which, to the best of our knowledge and belief, are necessary for the purposes of our audit.

In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited and the financial statements are in agreement with the accounting records.

Matters on which we are required to report by exception

Based on the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures required by sections 305 to 312 of the Act, which relate to disclosures of directors' remuneration and transactions are not complied with by the Company. We have nothing to report in this regard.

Shape the future with confidence

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BASKET INVESTMENTS DESIGNATED ACTIVITY COMPANY (Continued)

Respective responsibilities

Responsibilities of directors for the financial statements

As explained more fully in the directors' responsibilities statement set out on pages 5 and 6, the directors are responsible for the preparation of the financial statements in accordance with the applicable financial reporting framework that give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA's website at: https://iaasa.ie/wp-content/uploads/docs/media/IAASA/Documents/audit-standards/Description_of_auditors_responsibilities_for_audit.pdf. This description forms part of our auditor's report.

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the Company's members, as a body, in accordance with section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2025

1. ORGANISATION

Blasket Investments Designated Activity Company (the “Company”), is a designated activity company incorporated in Ireland under Part 1b of the Companies Acts 2014 as a company limited by shares on April 13, 2018 with registration number 624613. The Company is a special purpose company with limited liability and qualifies for the regime contained in section 110 of the Irish Taxes Consolidation Act 1997 (“TCA”). This provides that a qualifying company will be liable to corporation tax at the rate of 25% less deductions under case III of schedule D in respect of taxable profits. The Company has no direct employees for the year ended December 31, 2025 and December 31, 2024.

The investment objective of the Company is to seek to achieve capital growth without undue risk to principal. The Company aims to achieve this objective by using an opportunistic ‘value investment’ approach primarily focused on distressed debt, credit, special opportunities and other opportunistic investments with a European focus.

Trinity Investments Designated Activity Company (the “Security Holder”) invests in the Company through the issuance of profit participating notes (“PPNs”) which will mature in 2048. Attestor Value Master Fund, LP (the “Master Fund”) invests in the Security Holder through the issuance of PPNS.

As part of its investment program, the Security Holder may from time to time acquire an asset (or a number of related assets) that the Investment Manager and the Directors believe are either illiquid or lack a readily assessable fair value or should be held until the resolution of a special event or circumstance, in which case the Investment Manager and the Directors jointly may designate such asset or assets as “Special Investments” at the time such asset or assets are acquired.

Attestor Limited (the “Investment Manager”) is the Investment Manager of the Company. Citco Fund Services (Cayman Islands) Limited (the “Administrator”) is the Administrator to the Company and Citco Fund Services (Ireland) Limited (the “Sub-Administrator”) is the Sub-Administrator to the Company. Wilmington Trust National Association (the “Custodian”) is the Custodian of the Company and Wilmington Trust (London) Limited (the “Trustee”) is the Note Trustee of the Company’s PPNS.

The registered office of the Company is Fourth Floor, 3 George’s Dock, IFSC, Dublin 1, Ireland.

2. MATERIAL ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all periods presented in these financial statements, unless otherwise stated.

(a) Statement of compliance

The Company’s financial statements have been prepared in accordance with the Irish Companies Acts 2014 and International Financial Reporting Standards (“IFRS”) as adopted by the European Union (“EU”).

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

2. MATERIAL ACCOUNTING POLICIES (Continued)

(b) ***Basis of preparation***

The financial statements have been prepared on a historical cost basis, except for financial instruments classified at fair value through profit or loss that have been measured at fair value (see Note 2(e)).

The financial statements are presented in United States Dollars (“USD”). The Investment Manager considers the USD as the currency that most faithfully represents the economic effects of the underlying transactions, events, and conditions.

The preparation of the Company’s financial statements requires management to make material accounting policies, estimates, judgements and assumptions that affect the reported amounts recognised in the financial statements. More detail is provided in Note 3 to the Financial Statements, “Fair Value Measurement”. Actual results may differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

(c) ***New and amended standards and interpretations***

(i) ***New standards and amendments to existing standards effective January 1, 2025***

On August 15, 2023, the International Accounting Standards Board (“IASB”) issued Lack of Exchangeability (amendments to International Accounting Standard (“IAS”) 21 The Effects of Changes in Foreign Exchange Rates). The amendments clarify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking, as well as require the disclosure of information that enables users of financial statements to understand the impact of a currency not being exchangeable. The amendments are effective for reporting periods beginning on or after January 1, 2025. The Company has assessed the amendments and determined that they have no impact on the Company’s financial statements.

There are no standards, amendments to standards or interpretations that are effective for annual periods beginning on January 1, 2025 that have a material effect on the Company’s financial statements.

(ii) ***New standards, amendments and interpretations that have been issued but not yet effective***

In April 2024, the IASB issued IFRS 18 Presentation and Disclosure in Financial Statements (“IFRS 18”), which replaces IAS 1 Presentation of Financial Statements. IFRS 18 introduces new requirements for presentation within the statement of profit or loss, including specified totals and subtotals. Furthermore, entities are required to classify all income and expenses within the statement of profit or loss into one of five categories: operating, investing, financing, income taxes and discontinued operations, whereof the first three are new. It also requires disclosure of newly defined management-defined performance measures, subtotals of income and expenses, and includes new requirements for aggregation and disaggregation of financial information based on the identified ‘roles’ of the primary financial statements and the notes.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

2. MATERIAL ACCOUNTING POLICIES (Continued)

(c) *New and amended standards and interpretations (continued)*

(ii) *New standards, amendments and interpretations that have been issued but not yet effective (continued)*

In addition, narrow-scope amendments have been made to IAS 7 Statement of Cash Flows, which include changing the starting point for determining cash flows from operations under the indirect method, from ‘profit or loss’ to ‘operating profit or loss’ and removing the optionality around classification of cash flows from dividends and interest. In addition, there are consequential amendments to several other standards. IFRS 18, and the amendments to the other standards, is effective for reporting periods beginning on or after January 1, 2027, but earlier application is permitted and must be disclosed. IFRS 18 will apply retrospectively. The Company is currently working to identify all impacts the amendments will have on the Company’s financial statements.

In May 2024, the IASB issued Amendments to the Classification and Measurement of Financial Instruments (Amendments to IFRS 9 and IFRS 7), which:

- Clarifies that a financial liability is derecognised on the ‘settlement date’, i.e., when the related obligation is discharged, cancelled, expires or the liability otherwise qualifies for derecognition. It also introduces an accounting policy option to derecognise financial liabilities that are settled through an electronic payment system before settlement date if certain conditions are met;
- Clarified how to assess the contractual cash flow characteristics of financial assets that include environmental, social and governance linked (“ESG-linked”) features and other similar contingent features;
- Clarifies the treatment of non-recourse assets and contractually linked instruments; and
- Requires additional disclosures in IFRS 7 for financial assets and financial liabilities with contractual terms that reference a contingent event (including those that are ESG-linked), and equity instruments classified at fair value through the Statement of Comprehensive Income.

The amendments will be effective for reporting periods beginning on or after January 1, 2026, but earlier application is permitted and must be disclosed. The new requirements will be applied retrospectively with an adjustment to opening retained earnings. The Company is currently working to identify all impacts the amendments will have on the Company’s financial statements.

No other new standards or amendments to standards are expected to have a material effect on the Company’s financial statements.

(d) *Going concern*

Management has made an assessment of the Company’s ability to continue as a going concern and is satisfied that the Company has the resources to continue in business for the foreseeable future. Furthermore, management is not aware of any material uncertainties that may cast significant doubt upon the Company’s ability to continue as a going concern. Therefore, the financial statements are prepared on a going concern basis.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

2. MATERIAL ACCOUNTING POLICIES (Continued)

(e) *Financial instruments*

(i) *Classification*

The Company classifies its investments based on both the Company's business model for managing those financial assets and the contractual cash flow characteristics of such financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Company is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The Company has not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income. The contractual cash flows of the Company's debt securities are solely principal and interest, however, these securities are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Company's business objective. Consequently, all investments are measured at fair value through profit or loss.

As such, the Company classifies all of its investment portfolio and related liabilities as financial assets or financial liabilities at fair value through profit or loss.

The Company's policy requires the Investment Manager and the Directors to evaluate the information about these financial assets and financial liabilities on a fair value basis together with other related financial information.

The category of financial assets and financial liabilities is comprised of:

Financial assets measured at fair value through profit or loss

The Company includes debt instruments in this category. These include investments that are held under a business model to manage them on a fair value basis for investment income and fair value gains.

Financial assets measured at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company includes in this category cash and cash equivalents, short-term non-financing receivables including accrued income and other receivables.

Financial liabilities measured at fair value through profit or loss

A financial liability is measured at fair value through profit or loss if it meets the definition of held for trading. The PPNs are measured at fair value through profit or loss to avoid an accounting mismatch.

Financial liabilities measured at amortised cost

This category includes all financial liabilities, other than those measured at fair value through profit or loss, like fee payables.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

2. MATERIAL ACCOUNTING POLICIES (Continued)

(e) *Financial instruments (continued)*

(ii) *Initial measurement*

Financial assets and financial liabilities at fair value through profit or loss are recorded in the Statement of Financial Position at fair value. All transaction costs for such instruments are recognised directly in the Statement of Comprehensive Income.

Financial assets and financial liabilities at amortised cost are measured initially at their fair value plus any directly attributable incremental costs of acquisition or issue.

(iii) *Subsequent measurement*

After initial measurement, the Company measures financial instruments which are classified as at fair value through profit or loss at fair value. Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. Purchases and sales of financial instruments are accounted for on a trade date basis. Realised gains and losses on disposals of financial instruments are calculated using the first-in-first-out method.

The fair value of financial instruments is based on their quoted market prices on a recognised exchange or sourced from a reputable broker/counterparty at the Statement of Financial Position date without any deduction for estimated future selling costs. The fair value of financial instruments is based on their quoted market prices on a recognised exchange or binding dealer price quotations, in the case of non-exchange traded instruments at the Statement of Financial Position date, without any deductions for estimated future selling costs.

Subsequent changes in the fair value of financial instruments at fair value through profit or loss are recognised in the Statement of Comprehensive Income. The fair valuation of financial assets is further detailed in Note 3 to the Financial Statements, "Fair Value Measurement".

Financial assets and financial liabilities, other than those classified as at fair value through profit or loss, are subsequently measured at amortised cost using the effective interest rate method.

(iv) *Derecognition*

A financial asset is derecognised where the rights to receive cash flows from the asset have expired, or the Company has transferred its rights to receive cash flows from the asset, or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and the Company has transferred substantially all of the risks and rewards of the asset or neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The Company derecognises a financial liability when the obligation specified in the contract is discharged, cancelled or expires.

(v) *Impairment*

The Company assesses the expected credit loss associated with the financial assets carried at amortised cost on a forward looking basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For these financial assets, the Company applies the general approach permitted by IFRS 9, which requires expected credit loss to be recognised from initial recognition of the receivables, see Note 4 for further details.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

2. MATERIAL ACCOUNTING POLICIES (Continued)

(f) **Functional and presentation currency**

Items included in the Company's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). The Investment Manager considers USD as the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions. The Company invests through the issuance of PPNs in USD and accordingly, it has been determined that the functional and presentation currency of the Company is USD.

(g) **Foreign currency transactions**

Monetary assets and liabilities and financial instruments denominated in currencies other than USD are translated into USD at the closing rates of exchange at each year end. Transactions during the year, including purchases and sales of securities, income and expenses, are translated at the rate of exchange prevailing on the date of the transaction. Foreign currency transaction gains and losses are included in the Statement of Comprehensive Income.

(h) **Cash and cash equivalents**

Cash comprises of cash at hand and custodian cash balances. Cash and cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant changes in value, and are held for the purpose of meeting short-term cash commitments and other purposes.

(i) **Offsetting financial instruments**

Financial assets and financial liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

(j) **Interest income and interest expense**

Interest income and interest expense are recognised in the Statement of Comprehensive Income. Interest earned on financial instruments which are classified as at fair value through profit or loss are recognised on an accrual basis and are recorded as Interest from financial assets at fair value through profit or loss in the Statement of Comprehensive Income. Interest from financial instruments which are classified as amortised cost are recorded as Interest income in the Statement of Comprehensive Income, calculated on an effective interest basis. Interest income includes interest from cash and cash equivalents and rates received from the Company's cash balances at the brokers.

(k) **Other income and expenses**

Other income and expenses, including management fees, are recognised in the Statement of Comprehensive Income on an accruals basis.

(l) **Income taxes**

Income tax expense comprises current and deferred tax. Income tax expense is recognised through profit or loss, in other comprehensive income or directly in equity, consistent with the accounting for the item to which it is related.

Current tax is the expected tax payable on the taxable income for the year, using tax rates applicable to the Company's activities enacted or substantively enacted at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

2. MATERIAL ACCOUNTING POLICIES (Continued)

(l) **Income taxes (continued)**

Deferred tax is provided for temporary differences arising between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Corporation tax is provided on taxable profits at current rates applicable to the Company's activities. The Company is a Qualifying Company within the meaning of Section 110 of the Taxes Consolidation Act, 1997. As such, the profits of the Company are chargeable to corporation tax under Case III of Schedule D at a rate of 25% but are computed in accordance with the provisions applicable to Case I of Schedule D.

Uncertainties exist with respect to the interpretation of complex tax regulations on foreign withholding tax. Given the wide range of international investments, differences arising between the actual investment income and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax expense already recorded. The Company establishes provisions, based on reasonable estimates, for possible consequences of audits by the tax authorities of the respective countries in which it invests. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective investment's domicile.

(m) **Profit participating notes**

The Company may issue PPNs up to a maximum stated amount of USD250,000,000 which will mature in 2048. The PPNs are represented by individual physical certificates in bearer form and serially numbered and in denominations of an amounts no less than the USD200,000 or integral multiples thereof, without coupons attached. The market value of PPNs tracks the fair value of the assets of the Company less liabilities (excluding PPNs) and equity of the Company. The return on the PPNs is determined based on income and gains of the Company generated from the underlying assets less the losses and operating expenses and after accounting for prior year losses and any holdback amount as noted in the offering document.

The periodic return for each PPN in respect of any accrual period will be the relevant proportion of an amount equal to all income and gains earned by, or accruing to, the Company from or in respect of the related portfolio assets or related arrangements, less any losses suffered (or provision for losses) by the Company, in connection with its assets for the accrual period, less the sum of (i) all operating expenses and costs (other than the accrual of periodic return) of the Company accrued in that accrual period, (ii) any carry forward periodic losses, and (iii) the taxable profit reserve amount for that accrual period.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

2. MATERIAL ACCOUNTING POLICIES (Continued)

(m) *Profit participating notes (continued)*

The periodic return amount will accrue on the PPNs and will be calculated in respect of each financial year or in respect of such shorter periods as determined by the Company. Periodic return liabilities (where present) only become due and payable on such date as the Company shall determine from time to time or otherwise upon maturity of the PPNs.

The PPNs are designated as financial liabilities at fair value through profit or loss. A liability may be designated at fair value through profit or loss when it eliminates or significantly reduces a measurement or recognition inconsistency, “an accounting mismatch” that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on a different basis. Where an accounting mismatch would otherwise exist, financial liabilities are measured at fair value through profit or loss.

No event of default has occurred in the years ending December 31, 2024, December 31 2025 and up to the date of authorising the financial statements.

The Security Holder has the right to early redeem PPNs before the final maturity date by providing an exercise notice to the paying agent. There is a pre-redemption notice period as set out in the term sheet of each series of the PPNs. The PPNs are classified as financial liabilities given that the Company is required to deliver either cash or another financial asset to the Security Holder.

Attestor Limited is the Investment Manager for the Company, the Security Holder and the Master Fund. The PPN facility has been utilised as a means of long-term financing by the Company and this arrangement is expected to continue. The Investment Manager has a right to defer settlement of the PPNs for early redemption in the next twelve months after the reporting year.

Given the Company is a limited liability company, the repayment of the paid-up and payment of periodic return amounts is contingent on the realisable value of the Company’s assets. The Company has not posted collateral in respect of the PPNs.

(n) *Distribution income*

Distribution income is recognised on the date when the Company’s right to receive the payment is established and is presented separately in the Statement of Comprehensive Income.

3. FAIR VALUE MEASUREMENT

Fair value measurement establishes a hierarchical disclosure framework which prioritises and ranks the level of market price observability used to measure investments at fair value. Market price observability is impacted by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgement used in measuring fair value.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

3. FAIR VALUE MEASUREMENT (Continued)

Investments measured and reported at fair value are classified and disclosed into one of the following categories:

Level 1 - Quoted prices (unadjusted) are available in active markets for identical investments from market data sources as at the reporting date.

Level 2 - Inputs, other than quoted prices sourced using independent valuation statements and broker runs included in Level 1, that are observable for the asset or liability, either directly (as prices) or, indirectly (observed from prices).

Level 2 inputs include the following:

- Over-the-counter (“OTC”) prices of instruments traded actively via various brokers. Average prices from multiple independent counterparty quotations (‘broker runs’/‘broker valuation statements’) (examples include defaulted bonds and claims).

Level 3 - Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant judgement and/or estimation.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment’s level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The assessment of the significance of a particular input to the fair value measurement in its entirety requires judgement, and considers factors specific to the investment. Changes in the observability of valuation inputs may result in a reclassification for certain financial assets or financial liabilities.

The policy and procedures to determine the fair value of the financial assets of the Company are set out in its Valuation Policy. The Valuation Policy has been approved by the Board of the Directors and updated at least annually at Board Meetings.

All of the Company’s Level 3 financial assets are traded OTC or through private deal arrangements and prices are not available using standard data services. Some instruments are instead valued using single broker quotes which have in turn been assessed, where possible for reasonableness by comparison of the mark against recent liquidator reports, recent relevant market transactions and the valuations of listed peers whilst applying an adjustment for a liquidity discount. A number of financial instruments are valued at cost and these values have been assessed for reasonableness where possible through using waterfall models, back testing and comparison against recent transactions. Other instruments are priced independently by third party valuation agents who have been appointed to perform periodic valuation reviews on either a quarterly or semi-annual basis.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

3. FAIR VALUE MEASUREMENT (Continued)

A small number of instruments are priced using proprietary valuation models which are developed from standard industry models that are tailored to the specific asset. Some or all of the significant inputs into these models may not be observable in the market, and may be derived from market prices, rates or estimates based on assumptions. Observable inputs include current rates of interest, underlying property valuations, loan values, legacy book and funding values, tax rates and cost of capital. Unobservable inputs include assumptions regarding expected run off rates and distribution levels, expected future default rates, principal prepayment rates, judgements/view on expected recoveries and recovery timelines in litigation/restructuring related positions, probability/risk weighted assessments of potential outcomes, competing claims within restructuring linked investments and market liquidity discounts.

Input from the Investment Management Portfolio Managers is usually required for the selection of the most appropriate valuation model to be used, determination of expected future cash flows on the financial instrument being valued and the selection of appropriate discount rates. The Investment Manager from time to time also considers other liquidity, credit and market risk factors, and adjusts the valuation model as deemed necessary. The models are calibrated regularly by updating observable and unobservable inputs used. The models are also tested for validity using prices from any observable current market transactions in the similar instrument or based on any available observable market data.

The following tables summarise the valuation of the Company's investments by the above fair value hierarchy levels as at December 31, 2025 and December 31, 2024:

2025	<i>Level 1 USD</i>	<i>Level 2 USD</i>	<i>Level 3 USD</i>	<i>Total USD</i>

3. FAIR VALUE MEASUREMENT (Continued)

2025	Profit participating notes USD
Level 3 summary	
Financial liabilities	
Opening fair value	(141,941,609)
Repayments of paid-up amounts	(57,513,041)
Capital amounts received	16,107,500
Gains/(losses)	(37,663,168)
Closing fair value	<u>(221,010,318)</u>
 2024	
Level 3 summary	Profit participating notes USD
Financial liabilities	
Opening fair value	(117,305,170)
Repayments of paid-up amounts	10,939,000
Capital amounts received	(28,842,979)
Gains/(losses)	(6,732,460)
Closing fair value	<u>(141,941,609)</u>

During the year ended December 31, 2025, transfers from Level 3 to Level 2 were USD58,459 (2024: USD82,943,562).

Transfers in and out of Level 3 are related to the availability and the observability of significant inputs. All transfers during 2025 were calculated based on the balances as at the beginning of the year.

Total realised and unrealised gains and losses on Level 3 positions are reported in the Statement of Comprehensive Income. As at December 31, 2025, for the Level 3 positions held, the change in unrealised loss of USD333,828 (2024: USD649,954) on financial assets and change in unrealised loss of USD35,114,393 (2024: USD6,587,024) on financial liabilities which is included in the Statement of Comprehensive Income in Net gain on financial assets and financial liabilities at fair value through profit or loss and Periodic loss amount on profit participating notes.

The Investment Manager assesses the levelling of financial instruments on an annual basis.

The valuation technique and significant unobservable inputs used in the fair value measurement categorised within Level 3 of the fair value hierarchy together with a quantitative sensitivity analysis as at December 31, 2025 and December 31, 2024 are shown below.

BLASKET INVESTMENTS DESIGNATED ACTIVITY COMPANY

NOTES TO THE FINANCIAL STATEMENTS (Continued) December 31, 2025

3. FAIR VALUE MEASUREMENT (Continued)

The change in valuation disclosed shows the direction an increase or decrease in the respective input variables would have on the valuation result:

2025					
Description	Fair value	Valuation technique	Unobservable inputs	Reasonable possible shift+/- (absolute value)	Change in valuation (in thousands) USD
Claims	3,292,649	Probability weighted expected return model	Recovery %/ Insurance Payout	+/-20%	0/(580)
	80,757	Marked to cost	Probability of Payout - Binary position	-25% to +100%	81/(20)
2024					
Description	Fair value	Valuation technique	Unobservable inputs	Reasonable possible shift+/- (absolute value)	Change in valuation (in thousands) USD
Claims	3,534,779	Probability weighted expected return model	Price	20%	707/(707)
	80,757	Marked to cost	Price	-25% to +100%	81/(20)
	58,458	Discounted cash flows model	Probability of settlement	100% to +0%	39/(58)
	(18,301)	Discounted cash flows model	Various inputs	Various ranges	58/(39)

The financial instruments not measured at fair value through profit or loss are short-term financial assets and financial liabilities whose carrying amounts approximate to fair value, because of their short-term nature and, for the financial assets, high credit quality of counterparties.

Profit participating notes

The Company has issued PPNs to the Security Holder. The impact of these notes is that the Company is generally profit neutral in respect of its investment activities, aside from a profit reserve amount for the benefit of the equity owner(s). The Security Holder receives all profits made by the Company in excess of the profit reserve amount via the periodic return mechanism and absorbs any losses made by the Company to the extent these do not exceed the paid-up plus periodic return reserve amount, the fair value of the loan notes approximates with the fair value of the assets of the Company less any liabilities (excluding PPNs) and equity of the Company.

During the year ended December 31, 2025, the Company has received net capital amounts of USD41,405,541 (2024: USD17,903,979) from the Security Holder.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

3. FAIR VALUE MEASUREMENT (Continued)

Profit participating notes (continued)

For the year ended December 31, 2025 and December 31, 2024, the fair value of the PPNs issued by the Company moved were as follows:

	2025	2024
	USD	USD
Fair value as at January 1	(141,941,609)	(117,305,170)
Capital amounts received	(57,513,041)	(28,842,979)
Repayments of paid-up amounts and periodic return payments	16,107,500	10,939,000
Periodic loss	(37,663,168)	(6,732,460)
Fair value as at December 31	<u>(221,010,318)</u>	<u>(141,941,609)</u>

As at December 31, 2025, the paid-up amount of the PPN liabilities was USD191,170,569 (2024: USD133,657,529).

4. RISKS ASSOCIATED WITH FINANCIAL INSTRUMENTS

To achieve the Company's investment objective, the Investment Manager on behalf of the Company seeks to identify and select appropriate investment strategies in line with its investment objective.

The Company is exposed to market risk (which includes currency risk, interest rate risk and other price risks), credit risk and liquidity risk arising from the financial instruments it holds. The Company has established investment guidelines per its offering documentation that set out its overall business strategies, tolerance for risk and general risk management. The Company uses financial instruments for investment purposes and in connection with its risk management activities.

As at December 31, 2025 and December 31, 2024, the Company's financial instruments comprised of the following:

- Claims and PPNs; and
- Cash, liquid resources and short-term debtors and creditors arising directly from its investment activities.

The Company may buy, sell or hold financial instruments in order to seek and take advantage of changes in market prices or rates.

(a) ***Other price risks***

The Company is exposed to price risk on the investments held by the Company for which prices in the future are uncertain.

As at December 31, 2025, the percentage of the Company's portfolio positions comprised of claims 98.90% (2024: 92.10%), and other assets 0.00% (2024: 0.01%). The remainder of the portfolio was mainly in cash.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

4. RISKS ASSOCIATED WITH FINANCIAL INSTRUMENTS (Continued)

(a) **Other price risks (continued)**

The price risk of claims depends on numerous factors including but not limited to the general market environment, supply/demand for these claims, the liquidation jurisdiction and the make-up of the underlying assets and liabilities of each claim. The combination of these factors often creates a different recovery profile for each claim which may affect price risk. Each of the claims held within the portfolio as at December 31, 2025 and December 31, 2024 has associated timing risk as there is uncertainty around when distributions will be made.

As at December 31, 2025 and December 31, 2024, the expected recovery of claims held within the portfolio and the catalysts required to achieve such recoveries had relatively little direct market correlation. If the market falls significantly however, the marketability of such claims as opposed to their recoverability may be negatively impacted.

The Investment Manager of the Company manages the ultimate recovery value of the portfolio assets through careful portfolio construction, active monitoring and management of positions and strategies and opportunistic hedging of market correlated positions such as bonds and direct assets.

The following table contains an analysis of the Company's financial positions risk by geographical distribution:

	2025 % of financial positions at fair value	2024 % of financial positions at fair value
Europe	87.32 %	84.09 %
North America	12.68 %	15.91 %
Total	100.00 %	100.00 %

The Company has reviewed the movement in the financial assets exposed to equity price risk during the year, and has determined that a rise or fall of 5% in such financial assets, with all other variables held constant, would result in the portfolio increasing or decreasing by USDNil (2024: USDNil).

(b) **Currency risk**

Currency risk is the risk that the fair value or future cash flows of financial assets and financial liabilities will fluctuate because of changes in foreign exchange rates.

The Company holds monetary assets denominated in currencies other than USD, its functional currency. It is therefore exposed to currency risk, as the value of such assets may fluctuate due to changes in exchange rates. The Company aims to substantively hedge against currency risk created by non-base currency assets, using amongst other strategies, a rolling monthly forward contract program usually based on the market value of non-USD assets as at each month-end.

Currency risk is monitored continuously and actively managed by the Investment Manager.

Net currency exposure	30,136	120,233,858	71,534	(120,320,881)	14,647

Below is a complete list of all the closing exchange rates against the USD for all relevant currencies at year end.

Exchange rates expressed against the USD used in valuation as at December 31, 2025 and December 31, 2024:

	2025	2024
CHF	0.7926	0.9074
EUR	0.8514	0.9659
GBP	0.7421	0.7990

As at December 31, 2025 and December 31, 2024, had the USD appreciated by 5% in relation to all currencies without hedging in place and with all other variables held constant, net assets would have decreased by the amounts shown below:

2025	CHF USD	EUR USD	GBP USD
Appreciation of USD by 5%			
Movement in net assets	1,536	9,620,697	4,065

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

4. RISKS ASSOCIATED WITH FINANCIAL INSTRUMENTS (Continued)

(b) *Currency risk (continued)*

2024	CHF USD	EUR USD	GBP USD
Appreciation of USD by 5%			
Movement in net assets	1,507	6,011,693	3,577

A 5% depreciation of the USD against the above currencies as at December 31, 2025 and December 31, 2024 would have had the equal but opposite effect on the currencies.

(c) *Interest rate risk*

Interest rate risk is the risk that the fair value or future cash flows of interest bearing financial assets and financial liabilities will fluctuate because of changes in interest rates. The Company is exposed to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows.

The Investment Manager does not consider interest rate risk to be a significant risk for this portfolio including for positions which are valued using discounted cash flow techniques. The claims pay out distributions however the timing and final amounts of such distributions may not be known.

As at December 31, 2025 and December 31, 2024, the Company did not hold interest bearing investments. Any interest bearing cash amounts held, are at variable interest rates. As at December 31, 2025, cash and cash equivalents of USD2,436,509 (2024: USD11,257,181) are subject to interest rate risk, with maturity dates of less than three months.

The periodic return on the PPNs is determined in accordance with Note 2(m) and the PPNs are not subject to interest rate risk.

A 1% increase or decrease in interest rates, with all other variables held constant, would increase or decrease the Company's net assets by USD24,365 (2024: USD112,572). A rate of 1% has been used to give an indication of a change in interest rate in its simplest form.

As at December 31, 2025 and December 31, 2024, all of the Company's liabilities were non-interest bearing.

(d) *Credit risk*

Credit risk is the risk that an issuer or counterparty to a financial asset or liability may cause a financial loss for the Company by failing to discharge an obligation.

The Company measures credit risk and expected credit loss using probability of default, exposure at default and loss given default.

Analysis of past due but not impaired

The Company did not have any "past due but not impaired" financial assets at December 31, 2025 and December 31, 2024.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

4. RISKS ASSOCIATED WITH FINANCIAL INSTRUMENTS (Continued)

(d) *Credit risk (continued)*

As at December 31, 2025 and December 31, 2024, the Company's financial instruments measured at amortised cost include cash and cash equivalents; due to/due from broker, other receivable and payables which are held with counterparties with a credit rating of AA- (2024: AA-) or higher and are due to be settled within 1 month. Management consider the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit loss as any such impairment would be wholly insignificant to the Company. For the year ended December 31, 2025 and December 31, 2024, no impairment has been recognised as there was no objective evidence of impairment for financial assets classified as loans and receivables.

The Company is exposed to credit risk in two ways:

- (i) Credit risk arising from its exposure to the underlying creditor or issuer of loans or bonds held within the portfolio – if the creditor or issuer defaults or repayments are impaired, the Company faces a potential loss.

The Investment Manager seeks to minimise this element of credit risk via initial detailed analysis of each underlying creditor or issuer prior to its investment and thereafter with a continuation of that analysis throughout the lifecycle of the investment whilst held in the portfolio.

- (ii) Credit risk arising from its exposure to counterparties both on amounts due from and assets held with such counterparties. As at December 31, 2025 and December 31, 2024, the Company primarily faced the following types of counterparties:

- (a) Custodian: Wilmington Trust (through JP Morgan as sub-custodian) holds the Company's cash.

- (b) Other: mainly counterparties from whom the Company has directly purchased claims and assets.

Counterparty risk can be further analysed depending on whether the method of purchase employed is an assignment or a participation. After careful consideration of other relevant factors such as tax, legal and strategy, the Company seeks to hold claims directly where able to do so.

If characteristics of the transaction require the Company to hold assets via sub-participation, the Investment Manager aims to structure the sub-participation documents in a manner which seeks to enhance the Company's control and title over the assets.

The Investment Manager aims to manage counterparty risk via careful selection of counterparties, holding assets directly if possible and structuring the documentation in a tailored manner, giving consideration to the characteristics of each deal.

(e) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of a possibility that the Company could be required to pay its liabilities earlier than expected.

The Company may, from time to time hold a large concentration of certain investments which may in turn reduce liquidity and under certain circumstances it may take longer to liquidate these positions.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

4. RISKS ASSOCIATED WITH FINANCIAL INSTRUMENTS (Continued)

(e) *Liquidity risk (continued)*

The Company has the right to request settlement of the Security Holder PPNs if required. With respect to Security Holder PPNs, the amount which is ultimately due will depend on the performance of the underlying portfolios of the Company. The PPNs are all internally issued and subject to amendment to reflect longer maturity dates closer to the date of maturity.

As at December 31, 2025, 100% (2024: 100%) of the portfolio was held in OTC positions.

The majority of the claims held in the portfolio are illiquid and/or contested.

As with marketability, detailed in Note 4(a), the liquidity of such claims as opposed to their recoverability may be negatively impacted if the market falls significantly.

The below tables analyse the Company's financial liabilities into relevant maturity groupings based on the remaining period at the Statement of Financial Position date to maturity date:

2025	Less than 1 month USD	1 month - 3 months USD	3 months - 1 year USD	1 - 2 years USD	Over 2 years USD	Total USD

Total liabilities	(593,121)	–	–	–	(141,941,609)	(142,534,730)

In accordance with the Company’s policy, the Investment Manager has established processes and controls to monitor the Company’s liquidity on a regular basis.

With respect to PPN liabilities, the amount ultimately repayable to the Security Holder will depend on the performance of the underlying portfolio of the Company.

5. OFFSETTING FINANCIAL ASSETS AND FINANCIAL LIABILITIES

As at December 31, 2025 and December 31, 2024, the Company did not hold any financial assets or financial liabilities subject to counterparty netting or collateral requirements. Financial assets and financial liabilities are presented at gross in the Statement of Financial Position.

6. NET GAIN/(LOSS) ON FINANCIAL ASSETS AND FINANCIAL LIABILITIES AT FAIR VALUE THROUGH PROFIT OR LOSS

7. SHAREHOLDERS' CAPITAL

The authorised share capital of the Company is €1,000 divided into 1,000 shares of €1.00 each, 1,000 of which are issued and fully paid up. All of the shares are legally held by Wilmington Trust SP Services (Dublin) Limited (the "Share Trustee") under the terms of a declaration of trust (the "Trust Deed") dated April 27, 2018 under which the Share Trustee holds the benefit of the shares on trust for charitable purposes. The Share Trustee has no beneficial interest in and derives no benefit from its holding of the shares. There has been no material change in the capitalisation of the Issuer since April 27, 2018 being the date of its incorporation.

8. FEES, ALLOCATIONS AND EXPENSES

Investment management fees

The Company pays an Investment management fee monthly in arrears, to the Investment Manager for its services pursuant to the terms of the Investment Management Agreement (the "Investment management fees"). Investment management fees for the year totalled USD2,214,210 (2024: USD1,555,147) of which USD230,380 (2024: USD154,319) was payable at year end.

	USD	USD
Auditors remuneration		
Audit of Company financial statements	36,413	31,059
	<u>36,413</u>	<u>31,059</u>

Legal fees

The Company incurred legal fees to assist with its trading strategies. Legal fees for the year totalled USD3,932,723 (2024: USD2,783,900) which were attributable to the following: Confidential Claims VI USD3,793,796 (2024: USD2,757,352), Confidential Litigation Claim III USD3,108 (2024: USD70) Confidential Claims III USD84,231 (2024: USD26,478) and FTX and Confidential Liquidation XXIII USD2,818 (2024: USDNil) strategies.

Professional fees

The Company incurs Professional fees to assist with its trading strategies. Professional fees for the year totalled USD221,546 (2024: USD133,186) of which USD10,043 (2024: USD1,200) was payable at year end.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

8. FEES, ALLOCATIONS AND EXPENSES (Continued)

Other expenses

The below table summarises the Other expenses for the year ended December 31, 2025 and December 31, 2024:

	2025	2024
	USD	USD
Other expenses		
Corporate expenses	18,011	18,005
Tax fees	584	(3,657)
Other expenses	37,925	108,362
Total other expenses	<u>56,520</u>	<u>122,710</u>

In Statement of Financial Position as at December 31, 2025, Other payables was USD27,979 (2024: USD16,668).

9. TAXATION

The Company will continue to be actively taxed at 25% in accordance with Section 110 of the Taxes Consolidation Act, 1997. As such, the profits are chargeable to corporation tax under Case III of Schedule D at a rate of 25% but are computed in accordance with the provisions applicable to Case I of Schedule D.

The tax assessed for the year is higher than the standard rate of corporation tax in the Republic of Ireland (12.5%).

	2025	2024
	USD	USD
Current tax expense	<u>(750)</u>	<u>(750)</u>

Factors affecting tax charge for the year

Corporation tax has been calculated based on the result for the year and the resulting taxation charge is as follows:

	2025	2024
	USD	USD
Profit before taxation	<u>3,000</u>	<u>3,000</u>
Current tax charge at standard rate of 25%	(750)	(750)
Current tax charge	<u>(750)</u>	<u>(750)</u>

Deferred tax

The Company does not have deferred tax assets and deferred tax liabilities in the years ending December 31, 2025 and December 31, 2024.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025
9. TAXATION (Continued)***Uncertain tax positions***

In accordance with IFRIC 23 it is the Company's policy to provide for tax liabilities that meet a more likely than not threshold of being upheld by the relevant tax authorities. The Company's tax positions for all open tax years have been analysed. For the year ended December 31, 2025, the Company has recognised a USDNil (2024: USDNil) provision on uncertain tax positions.

In October 2021, the Organisation for Economic Co-operation and Development (the "OECD"), introduced the Pillar Two Global Anti-Base Erosion ("GloBE") rules, mandating a minimum 15% effective tax rate for multinational enterprises ("MNEs") with annual consolidated revenues over €750 million. The Company has evaluated these rules and confirms it does not meet the €750 million revenue threshold for the year ended December 31, 2025. Consequently, the Company is not subject to the Pillar Two framework and anticipates no impact on its tax position, financial statements, or deferred tax accounting under IAS 12 Income Taxes ("IAS 12"). The Investment Manager will continue to monitor any future developments related to Pillar Two that may affect its tax reporting obligations.

10. DISTRIBUTION INCOME

During the year ended December 31, 2025, USD469,964 (2024: USD3,296,179) was received in the form of distributions made by corporate structures as a result of recoveries made on the claims held within these structures.

	2025	2024
	USD	USD
Distribution income	<u>469,964</u>	<u>3,296,179</u>

11. RELATED PARTIES

The Investment Manager received an Investment management fee in respect of its service to the Company as disclosed in Note 8.

There are a number of corporate structures where the Company and the Master Fund are invested in the ratio of 2:98, respectively. For such strategies, the Master Fund, as managing member, generally incurs the associated costs, makes the associated capital funding and receives the associated recoveries. However, 2% of such cash flows are attributable to the Company and this is reflected as payable to the Company in the Statement of Financial Position amounting to USD21,067 (2024: receivable of USD716) as at December 31, 2025.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

11. RELATED PARTIES (Continued)

There is also a corporate structure where the Company and Trinity Investments Designated Activity Company are invested in the ratio of 40:60, respectively. For such strategies, the Trinity Investments Designated Activity Company, as managing member, generally incurs the associated costs, makes the associated capital funding and receives the associated recoveries. However, 40% of such cash flows are attributable to the Company and this is reflected as payable by the Company in the Statement of Financial Position amounting to USD658,326 (2024: USD404,814) as at December 31, 2025.

Two Directors of the Company, Xiuyan Hou and Ken Casey were appointed through Wilmington Trust and did not receive a fee or any form of compensation or benefit from the Company. On April 1, 2025, Matteo Zingaretti redeemed USD661,111 (2024: subscribed USD210,000) from the Attestor Value Fund Limited. As at December 31, 2025, Matteo Zingaretti held 49 (2024: 2,248) Management Shares in the Attestor Value Fund Limited. Attestor Value Fund Limited is the Offshore Feeder Fund of the Master Fund which invests its subscribed capital the Master Fund. The Master Fund is the Security Holder of certain PPNs issued by Trinity Investments Designated Activity Company which in turn is the Security Holder of PPNs issued by the Company.

12. MANAGED CAPITAL BASE

The Company views its issued PPNs issued as its financing capital base. The Company maintains an actively managed capital base to cover risks inherent in the business and may seek financial support as deemed necessary by calling on its existing PPNs (which the Company has issued) to the extent they are not already paid-up and potentially through the Company's issuance of further PPNs. The Company manages its capital and makes changes to it in light of changes to economic conditions and risk characteristics of its activities. In order for the Company to maintain or adjust its capital structure, the Company may seek financial support as deemed necessary. There have been no changes to the capital structure of the Company during the year.

13. CONTINGENT LIABILITY

As at December 31, 2025, the Company had unpaid contingent consideration for certain of its claim investments of USD11,140,607 (2024: USD543,419).

14. SUBSEQUENT EVENTS

In connection with the preparation of the accompanying financial statements as at December 31, 2025, management has evaluated the impact of all subsequent events on the Company through March 30, 2026, the date the financial statements were available to be issued. Subsequent to year end, the Company issued loan notes of USD1,000,000 (2024: USD1,048,500).

NOTES TO THE FINANCIAL STATEMENTS (Continued)
December 31, 2025

14. SUBSEQUENT EVENTS (Continued)

There were no other material events after the reporting year.

15. APPROVAL OF FINANCIAL STATEMENTS

The financial statements were approved and signed by the Board of Directors on March 30, 2026.
