1.1. Basis of preparation

The accounts have been prepared on the going concern basis and in accordance with the historical cost convention. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 105 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" issued by the Financial Reporting Council

1.2. Statement of compliance

The financial statements of the company for the year ended 30 June 2025 have been prepared on the going concern basis and in accordance with FRS 105 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (FRS 105).

1.3. Cash flow statement

The company meets the size criteria for a small company set by the Companies Act 2014 and therefore, in accordance with FRS1: Cash flow statements, it has not prepared a cash flow statement.

1.4. Turnover Policy

Turnover represents the total invoice value, excluding value added tax, of sales made during the year.

1.5. Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period.
